A STUDY ON CUSTOMER SATISFACTION TOWARDS TVS SCOOTY IN THANJAVUR **DISTRICT OF TAMILNADU**

Due to increasing urbanization, inadequate transportation in developing cities and urban areas two wheelers as a ABSTRACT product has travelled a long way from a luxury product to essential

product. Than javur district with its rich educational heritage, tourist spots, law order situation excellent climate, culture, connectivity to rest of India, excellent educational infrastructure has become a preferred destination for the study. This study is conducted in Thanjavur district with a sample size of 105 customers.

KEYWORDS Brand preference, Customer satisfaction, expectation, TVS Scooty, Two-

INTRODUCTION

The Two wheeler industry in India is expanding at large extent. With the income source and level of income increasing, people are tending towards purchasing the things like two wheelers which are considered as a luxury at some point of time back. Now the time has come to serve the customers at any level and point as per his/her desire. The companies are finding many ways to satisfy their customer and one of the methods to find the customer satisfaction quotient is "Customer satisfaction survey"

CUSTOMER SATISFACTION

Satisfaction means fulfillment of needs or wants or meet demands, desires or needs. The extent to which a product's per- ceived performance matches a buyer's expectations. If the prod- uct's performance falls short of expectations, the customer is dissatisfied. If performance matches expectations, the customer is highly satisfied or delighted.

PROFILE OF TVS SCOOTY

Scooty is an Indian brand of Scooters manufactured by TVS Motors. Designed for women, Scooty is the largest selling Scooter brand in its segment. It has come to represent a genetic name for any women's two wheeler in India.

History

Scooty was initially conceived of as a Scooter for both sexes. However sales figures over the first two years indicated that more women were buying the Scooty than men. In 1996, Scooty went through a repositioning exercise to target women. Though it was seen as a risk with the large majority of Indian two - wheeler riders being male. TVS chose the strategy to tap the nascent segment of women riders. Over the last decade, Scooty has launched several models that cater to different segments of the market. These include the Scooty ES(1996), the Scooty Pep (2003) and Pep plus (2005), Scooty Teenz (2007) and Scooty Streak(2009).

STATEMENT OF THE PROBLEM

Most of the buyers have a dilemma in buying two-wheeler because; there are so many domestic and international brands. Each and every brand has its own advantages, disadvantages. This study has been undertaken to know the factors which influenced the buyer in making the decision regarding purchase of the TVS scooty. Also know whether the buyer has satisfied with those factors which induced them to

purchase.

OBJECTIVES OF THE STUDY

1. To understand the buyers' brand preference towards TVS scooty.

2. To analyze the various factors influenced in buyers' deci- sion making forTVS scooty in Thanjavur district.

VOL- (3) ISSUE 211 ISSN 2017/2364

- 3. To measure the degree of satisfaction among the buyer.
- 4. To suggest appropriate measures to enhance buyer satisfaction.

METHODOLOGY

The study is based on both primary and secondary data. Primary data were collected from 105 buyers residing in Thanjavur district, and secondary data were collected from various books, articles and websites. This study is based on judgement sampling method. A study on customer preferences in TVS scooty covers the period of December 2011- April 2012.

11) Buyers are satisfied with comforts resale value, installment facility, dealer's service and time taken for service

SUGGESTIONS

On the basis of the study the following suggestions are recommended

- 1. TVS Company shall take necessary promotional efforts to attract customers in the age group above 20-29 Years.
- 2. TVS Company may continue installment offer and price off offer to increase the sales.
- 3. Appearance, design, colour and graphics are the most influencing factors at the time of purchase decision. TVS Company shall concentrate more on developing new model with high appearance/design/colour/graphics/quality, reputation of the Company.
- 4. Respondents have opined that engine capacity, safety, new technology, product design, warranty period are the five top most important characteristics. Hence, the TVS Company should give special consideration to the above product characteristics to keep-up sales and its reputation.
- 5. Majority of the respondents have dissatisfied about design, brand name, self starter facility, engine power, convenient to handle, insurance facility. TVS Company shall take necessary steps to remove such dissatisfaction among the buyers.
- 6. TVS Company shall try to solve the complaints of the buyers. Delay in solving such problems may increase the dissatisfaction among the buyers and affects subsequent sales.
- 7. Very low mileage when compared to other similar products. So, try to increase mileage capacity.

CONCLUSION

The Scooty shall consider all product characteristics the customers expect from it. The present study indicates what the customer expects from TVS two-wheeler and what difficulties the customers are facing while using the two-wheelers. TVS Company is started from 1955. It reaches most of the people in India. It is familiar to all the people. It has its own customer brand loyalty and reputation. Hence, TVS Company designs the suitable business strategies to overcome such problems and capture the Major share in the Automobile market.
